#### ABSTRACT

"Morning, Noon and Night" novel written by Sidney Sheldon is the novel that told about crimes, murder and mysteries. The purpose of this research is to know the suspected as murderer, the reason behind the murder and how to reveal the murder of Harry Stanford in "Morning, Noon and Night" novel.

In analyzing this study, the researcher used descriptive qualitative research design by gathering the data related to the theories. The object of this study is "Morning, Noon and Night" novel. The researcher used objective approach to analyze this study.

Based on the data analysis, it can be concluded there are four suspected murderers. Captain Vacarro and Dmitry Kaminsky who are in the crime scene and Tyler and Woody who are suspicious according to Steve's investigation. The reasons of the murder are the grudge toward Harry Stanford about what had happened in the past. And also, it is because he wanted to change the heir of his estate. There are three steps to reveal the murder. The first step is a proof found by the investigation Steve Sloane. The second step is the statement of Tyler toward Dmitri about the murder planning. And the last step is the arrest of Tyler Stanford by Steve Sloane and Lieutenant Kennedy.
